Developing a Smoke-Free Multi-Unit Housing Program: A Guide for Tobacco Control Professionals

- ✓ **Tips on how to create, grow and sustain a smoke-free multi-unit housing program**
- ✓ **Tools, resources and case studies for your use and reference**
- ✓ **Lessons learned from experienced smoke-free housing professionals**
- ✓ **Perfect for professionals at any stage of program development!**

The 215-page, 12-chapter manual provides tobacco control professionals with in-depth information on creating and sustaining a smoke-free multi-unit housing program. Developed by the Live Smoke Free program at the Association for Nonsmokers—Minnesota, along with the Public Health Law Center, home of the Tobacco Control Legal Consortium, with funding from the Communities Putting Prevention to Work Minnesota Mentoring Supplement, the manual describes the tools, outreach strategies, and policy adoption process that Live Smoke Free has utilized to expand the movement of smoke-free multi-unit housing among multi-housing providers, residents, and tobacco control professionals.
